

# PARTNERING FOR A GREATER PURPOSE

For 75 years, the Humane Society of Pinellas has been a vital resource for pets and their people. Their work goes far beyond adoption services, reaching into animal food pantries, senior support, disaster relief, and more. But when it came to HR, they needed a partner they could trust.

## THE CHALLENGE

Juggling multiple vendors for payroll, workers' comp, and benefits was pulling their focus away from the animals and people who needed them most.

## THE SOLUTION

Enter FrankCrum. As a full-service PEO, we stepped in to simplify and strengthen their operations.

- **Centralized HR Support:** From onboarding to compliance, all in one place.
- **MyFrankCrum Portal:** Easy access to tools and resources, saving time and hassle.
- **HR Expertise On Demand:** A dedicated HR consultant reviewed and updated their handbook, ensuring peace of mind.

## THE OUTCOME

Today, the Humane Society of Pinellas is thriving with:

- **A brand-new adoption center (with room for 100+ animals!)**
- **A growing team, including a new veterinarian**
- **More time and energy to focus on their mission**

FrankCrum helped clear the administrative clutter so they could do more of what they do best: care.

*"Moving our operations to FrankCrum has been fantastic!"*

Humane Society of Pinellas CEO,  
David Payloff.
