

4 Ways FrankCrum Clients Save on Administrative Tasks and Fees

At FrankCrum, we want you to invest your energies in what helps your business succeed and grow. We'll take care of administrative tasks while saving you time and money along the way.

1. PAYROLL ADMINISTRATION

Payroll administration fees charged by many payroll companies and other PEOs are typically higher than FrankCrum.

2. W-2s

While many other providers charge a per-employee fee, FrankCrum includes W-2s which can save you a bundle.

3. OSHA 300 REPORTING

OSHA 300 reporting is a tedious exercise, which we complete and submit on your behalf.

4. BENEFITS ADMINISTRATION

Many PEOs charge a flat fee annually to administer COBRA — whether you use it or not — with a per month/per employee fee when an employee goes on COBRA. With FrankCrum, you pay nothing if you don't use it, and a low rate when an employee exercises the option. You'll also find that our full service benefits and ACA reporting services typically cost less than our competitors.
