Curb Costs and Improve Performance

Small and medium-sized companies typically incur more cost per employee than larger companies on HR administration and compliance. That's primarily because of economies of scale. Large companies can spread the cost of HR administration and compliance across a larger pool of employees, plus they have specialized resources to implement sound HR policies and safe working practices. By outsourcing to FrankCrum, we give you the advantages of larger company scale, at a fraction of the cost.

You get a Powerful Team

When you partner with FrankCrum, you have a dedicated team of experienced specialists and customer service professionals who work for you. This instantly expands your capabilities in Payroll, Safety/Compliance, Claims, Benefits, Employment Best-Practices, and Health Care Reform.

You're In Control

As a business owner, you maintain control of all the strategic aspects of your business and your people. FrankCrum relieves you from administrative burdens as an employer, while contributing to your success by offering advice and guidance.

"I appreciate having FrankCrum as an HR giant standing behind me and ready to take over at a moment's notice should something unfortunate happen."
