

REMOTE CHECK PRINTING

THE BENEFITS

You can print when payment is received or at your convenience.

- If an employee was missed on payroll, you can run the additional check and have it available to print immediately
- Save costs on shipping charges
- No delays or lost packages with shipping carriers
- No waiting for deliveries
- You can use a regular LaserJet printer (Not a Deskjet printer) that is MICR compatible
- The only investment is purchasing the MICR toner to print the checks

THE PROCESS

- 1** After payroll is processed and upon receipt of payment, the check file will be released and available to print.
- 2** Simply open the file and print from your location using the check stock provided by FrankCrum.
- 3** Check stock is sent to your location and replenished when stock is low.

If you are interested in setting up remote check printing, please contact your Payroll Coordinator or Account Manager for assistance.
